Dear Ms. Siemiatycki and Ms. Dere,

I congratulate you for your efforts in establishing a women's well health center in Jerusalem. I am greatly involved with women and their health issues, and I feel that the establishment of such a center is of vital importance in filling a most important need in local women's health. Currently the comprehensive approach to women's health is still far behind in Israel and this center will make a tremendous impact on the health and well being of our women.

The success of such a project will be immediately felt.

Wishing you every success.

Yours sincerely
